If there are different interpretations when reading the corresponding paragraphs in the English and Swedish versions, the interpretation from the Swedish version shall prevail.

Background:

The Annual fee to be a member in SAIF has been dependent of the number of individual members within the member association. This is suggested to remain. The suggested fee levels are also suggested to remain unchanged.

The board suggest:

That the annual fee for association...

- ... up to 100 members is 400 SEK
- ... 101-300 members is 600 SEK
- ... 301-1 000 members is 1.000 SEK
- ... 1001-5000 members is 3.000 SEK
- ... more than 5000 members is 4.000 SEK

That If the change of financial year is implemented, the annual fee for the last 6 months of 2024 will be reduced to half a normal annual fee.
